EDUCATION AND CERTIFICATION

- BSc (Hons) in Software Engineering
Saegis Campus, Nugegoda, Sri Lanka
Duration: 2022 – Present
- Passed Python for Beginners UOM DP Education
[Certificate](#)
- Google AI Essentials [Certificate](#)
- JavaScript Bootcamp [Certificate](#)
- Career Essentials in Generative AI by Microsoft
and LinkedIn [Certificate](#)
- G.C.E. Advanced Level Examination (2020)
- G.C.E Ordinary Level Examination (2016)

SOFT SKILLS

- Problem Solving & Critical Thinking
- Teamwork & Collaboration
- Time Management and Organization
- Leadership skills
- Communication skill

M.P.SENURA NETHSARA PEIRIS

Web Developer Internship

PROFILE

I am a dedicated Software Engineering undergraduate at Saegis Campus, eager to contribute to the IT industry while enhancing my skills and achieving my career aspirations. I thrive on tackling challenges and am committed to pursuing a rewarding career that aligns with my personal and professional goals. I am passionate about leveraging my abilities to drive innovation and create meaningful impact in my work and continuous personal development.

PROJECTS

- **Ice Burg Restaurant - Fully Responsive Website**
A collaborative project focused on developing a fully responsive and dynamic website for a fictional restaurant, "Ice Burg." The website was built using HTML, CSS, JavaScript, and PHP to deliver an engaging and user-friendly experience.

Role and Contributions:

- Designed and developed the front-end interface, ensuring a modern, visually
- Created a functional contact page that allows users to send emails directly to the client's email address.

Challenge:

While designing the contact page, I needed to implement email functionality to ensure messages were successfully delivered to the client's email.

TECHNICAL SKILLS

- **Frontend Technologies:** HTML, CSS, JavaScript, React, Bootstrap.
- **Backend Technologies:** PHP, Spring Boot, Java
- **Database Technologies:** SQL, MongoDB
- **Other Skills:** JIRA, UI/UX design, Android Studio

COMMUNITY ENGAGEMENT

- Member of ICT Club – Saegis Campus
- Participated Code Pulse (Hackathon) – Saegis Campus (2022)
- Participated Code Pulse (Hackathon)- Saegis Campus (2024)

LANGUAGES

- **English:**  80% (Professional Proficiency)
- **Sinhala:**  100% (Fluent)

Solution:

Utilized a reliable free online email service to enable email-sending functionality without additional server-side configuration.

Tools and Technologies:

- Development Tools: Visual Studio Code (VS Code) as the primary text editor.
- Technologies Used: HTML, CSS, JavaScript, PHP. [Project Link](#)
- **Travel Website - Personal Learning Project**
A self-initiated project designed to enhance my web development skills by creating a fully functional travel-themed website. The website was developed using HTML, CSS, JavaScript, and PHP, incorporating features to deliver an engaging and user-friendly experience.

Key Features and Contributions:

- Designed and implemented a responsive front-end interface for seamless navigation across devices.
- Developed dynamic elements using JavaScript to enhance interactivity.
- Integrated PHP for server-side functionalities, such as form handling and data processing.

This project allowed me to deepen my understanding of web technologies, improve my problem-solving skills, and gain hands-on experience in end-to-end website development. [Project Link](#)

- **Other Projects:**

1. Html form data to Excel table.
